

Klove is an asset to our community. It offers us a positive up lifting radio station that is comforting in a chaotic world and horrible traffic. I would be so disappointed if Klove was not on the air. I honestly believe that Road rage is not an issue when listening to a positive reassuring radion station. Be a Christian is an opprotunity unique to America. If this service is taken away it goes agianst freedom of speech and religion. Keep K love on the air.
